

# Architecture+and+Design+2010-2011+Accomplishments

## CollectionSpace

- Accomplishment - Shipped 1.0, and successive rapid releases roughly every 6 weeks.
- Accomplishment - Supported deployment activities for 3 campus collections (PAHMA, UCJEPS, HAVRC), and preparing for more.
- Accomplishment - Supported deployment activities for external partners at SMK, MMI, Walker, etc.
- Accomplishment - Made significant progress towards a foundation home for CollectionSpace, and a sustainable model for ongoing development and support
- Accomplishment - Developing models for hosting CSpace in a SaaS model.
- Accomplishment - Negotiated sponsorship of CSpace by key technology partner Nuxeo, saving project 25% on platform support contract
- Accomplishment - Trained local staff in top-to-bottom customization tools to support customizations and extensions to core functionality

## Project Bamboo

- Accomplishment - Local team completed training on key elements of services stack.
- Accomplishment - Hired Architect+Senior developer for project
- Accomplishment - Team got basic BSP stack up and running with demo integration service
- Accomplishment - Attended workshops and guided planning process to focus consortial activities across the consortium.
- **Berkeley Prosopography Services**
  - Accomplishment - Rebuilt prototype tools to be web-services hosted in standard REST framework
  - Accomplishment - Completed first version of name disambiguation engine, presented to partners.
  - Accomplishment - Built out model for configurable, extensible rules engine for disambiguation engine
  - Accomplishment - Developed general model for assertions support
  - Accomplishment - Participated in workshop with faculty from institutions worldwide to use BPS for their corpora

## Delphi Museum Collections Browser

- Accomplishment - Continue to support the production environment
- Accomplishment - Discussed grant opportunities for additional development
- Accomplishment - Worked with PAHMA Museum staff and I School to propose areas of project activity

## Outreach, publications, training

- Accomplishment - Presented activities, opportunities for internships in I School classes, seminars
- Accomplishment - Attended CNI Spring workshop, met with various peer projects, et al.
- Accomplishment - Presented talk on challenges of consortial development at OSBC 2011
- Accomplishment - Team training in core and emerging technologies and techniques
