

Imagine Service: Resources, Documentation and FAQs

 A good overview of how to use Perceptive Content is in the [ImageNow 6.7 User Guide](#). Please note that Lexmark has not released a new guide for Perceptive Content 7 and the old [ImageNow 6.7 User Guide](#) is still valid. If you would like information specifically about Perceptive Content 7 there is some information on the Lexmark website at [Work with Content 7](#).
